10. Staff Comment: Lakamper provided an update on the dam conversion project, sharing that representatives from NOAA, EGLE and the DNR will be at the March 23, 2026 Council meeting. They will give a presentation on the current status of the three dams, and be available to answer questions. This is a great opportunity for residents to learn about the project and its effect on the City.
Lakamper shared that the City received a court order authorizing demolition of the remains of the burned residence on Mariette St. The owner has 21 days to remove wanted items from the home, after which it will be torn down.
He stated that the sale of 1 acre of property to Plainwell Auto is moving forward and the purchase agreement received Council approval.
He discussed the demolition of Building 2, sharing that Darius had approached him to discuss purchasing building 2 as well, and remodeling it to remove the roof, fix the walls, for use as additional storage and outdoor space. Lakamper stated this is something that requires structural engineer review to see if it is possible. If it is possible, it might allow the City to keep some of the insurance money in the BRA account.
Lakamper shared that the new owners of the former Clark Gas Station have submitted site plans for demolition of the old building and construction of a new gas station, however, as this property is zoned CBD, gas stations are not an approved use. We are working with the City's Planning and Zoning firm on an Ordinance amendment that would allow them to construct a new gas station on the site. Larabel asked if their will be consideration

given to hours of operation, as the gas station is located in a more residential area, to which Lakamper replied yes.

Turley asked if anything is happening with Watts Construction and the Mill site development. Lakamper shared that Watts still hopes to move forward, but with Weyerhaeuser's letter and the additional testing discussed, it will be a slow process.

11. Board Member Comments: Turley asked if Lakamper had heard anything from Consumer's Energy about their project in Industrial Park, sharing that he signed the easement agreement weeks ago but hadn't heard anything about the project since. Lakamper had no information to share.

12. Adjournment:

A motion by Rizzo, seconded by Turley, to adjourn the meeting at 8:04am. On a voice vote, all voted in favor. Motion passed.

14. Staff Comments:

Personnel Coordinator/Deputy Treasurer Kersten shared that union contract negotiations with DPW and Water Renewal were off to a good start.

Superintendent Nieuwenhuis stated he had a list of yards that have snow pile damage, and yard restoration can begin once there is no risk of snow. He sent out photos to Surf Net and 123Net showing things that will need to be corrected now that the snow has melted. He thanked the community for their support of his kids. He discussed tree stump grinding at Thurl Cook Park, stating that complete stump removal isn't possible as there are electric lines tangled in the tree roots.

Superintendent Keyzer reported the bearings on a pump has burned out and it needed to be repaired, and some piping needs to be replaced.

Director Callahan talked about accreditation for the DPS, happening in April. Public participation is encouraged. He discussed the gas leak in Wedgewood it was handled promptly and has been resolved.

Clerk Leonard stated she is preparing for Election season and will be reaching out to established Election workers and recruiting new workers beginning in April.

City Manager Lakamper discussed the demolition of Building 2, sharing that Darius had approached him to discuss purchasing building 2 as well, and remodeling it to remove the roof, fix the walls, and use it as additional storage space and outdoor space. Lakamper stated this is something that requires structural engineer review to see if it is possible. If it is possible, it might allow the City to keep some of the insurance money in the BRA account, which would be a bonus.

He gave an update on the river and dam project. This project has been ongoing for several years, with a goal of removing the three diversion dams and replacing them with fish ladders. The City has not been able to get permission to access the land by the dams from the property owners. Without owner permission, the project can't move forward. EGLE's safety division has conducted a study of the dams, which they will share at the 3/223/2026 Council Meeting. Basically, all 3 dams are in disrepair, and show evidence of undermining. If they fail, it is likely that contaminants will be released into the river. We have invited the property owners to this meeting, in hopes that they'll get a better idea of what will happen if the dams fail, and advantages of replacing them.

The City has received a court order allowing demolition of the remains of the burned residence on Mariette St. The update to IPMC code is still being worked on. The City also got a positive judgment against the house on Sherwood with the incomplete fence which will need to be removed.

Holiday Inn Express will be open for business later this month.

Lakamper shared that the new owners of the former Clark Gas Station have submitted site plans for demolition of the old building and construction of a new gas station, however, as this property is zoned CBD, gas stations are not an approved use. We are working with the City's Planning and Zoning firm on an Ordinance amendment that would allow them to construct a new gas station on the site. Lakamper congratulated Bob and his kids.

15. Council Comments:

- A. Mayor Pro Tem Steele congratulated Madison and Dylan and wished everyone a happy St. Patrick's Day.
- B. Councilmember Keeney congratulated Bob and his kids.
- C. Councilmember Wisnaski congratulated Bob and his family.

 - B. Superintendent Nieuwenhuis discussed the City's annual flower purchase from Zeinstra's Greenhouse. The DPW purchases flowers for display throughout the City in the warmer months, and has had great success working with Zeinstra's Greenhouse. They have provided Plainwell's flowers for the last several years. They begin growing flowers early, allowing the City to have larger, more mature plants with better blooms.

Hi Justin

I thought I sent this earlier but did not find it in my sent mail.

I am reigning from the DDA/BRA effective immediately.

Since I am no longer a business owner downtown perhaps its time to find someone who is; per our last meeting discussion.

I know Lisa at Mosaic expressed some interest in becoming more involved downtown. She might be a good pick if there is still a space available.

Regards

Cathy
